YOU ARE
ALREADY
SCROLLING

The Church Of Doomscrolling

In this troubled times, you feel a void: nothing has any meaning. That is normal, the world is constantly rushing towards its end, an end with no meaning. Just chaos ! People will tell you to quit scrolling on your phone. They are wrong, they are not your friends. You must follow the path of the doom by scrolling. What you are feeling while scrolling is relief and you must continue. If you dedicate your life to scrolling, time will flow like silk and you will be in peace with yourself, the world and the end of the world.

chaos is inevitable
entropy is the mean of all ends
scrolling is not a sin
contribute to the movement
keep scrolling till the very end
feel the energy
embrace doomscrolling
contribute to chaos
usefulness does not exists

The doomscroller's prayer:

all endings come together
in one last breath of life
you are well dead
and the terror is in us !
you are dying
and we are watching you die
the end is not death.
the end is not suffering.
the end is is not a dark world.
the end is not the end
there are no ends
you are already dead
and the terror is in us !
the end is the start
the start is the end
everything is in concentrated
everything collapses in a dot
the end is energy
and the terror is in us

Chant this while scrolling and everything
will be fine !
